#### EXCERPT FROM THE 1986 TOWN MEETING

To whom it may concern:

The 1986 Town Meeting, that was held on March 15, 1986 was convened at 10:00 a.m. by Moderator Bernard J. Hampsey. After briefing by the Moderator and resolutions by the Selectmen, a motion was made to waive the reading of the Warrant. Motion was carried.

It was explained by the Moderator that Article 34 was a money article and had to be acted upon first. Article 34 was presented by Water Works Superintendent Robert Gordon and an explanation was given by Charles Smith of Whitman & Howard, as well as the Selectmen. A discussion followed and questions from the floor were answered by Charles Smith of Whitman & Howard, the Selectmen and Mr. Gordon. Article 34 was moved at 11:10 a.m. The white yes/no ballot was chosen by the Moderator to be used for Article 34. The ballot box was inspected and locked and the Moderator declared the polls open at 11:12 a.m. and that they would be open for 1 hour. While the polls were open the Moderator then moved on to Articles 2, 4, 5, 6, 7, 8, 9, 10, 11, 12 & 13. The Moderator then declared the polls closed at 12:15 p.m. The ballot box was open by the Assistant Moderator, Phillip Cournoyer. The ballots were counted with 256 votes cast with the results being 202 yes and 54 no. Article 34 was carried.

Audio and video tapes of the town meeting are available for reference at the Town Clerk's office in Jaffrey.

## SELECTMEN'S REPORT

January, 1987 found the Selectmen Chairman Robert M. Chamberlain, Howard O. Williams and P. Edward Deschenes, deep into the budget process, public hearings for the Town Manager and preparation for the 1986 Annual Town Report. Mr. Williams decided not to run for a second term and announced this early so as to give prospective candidates adequate time to make a decision.

Jaffrey joined the Ashuelot Valley Refuse Disposal District (53B). Robert Brandin and Robert V. Mitchell are Jaffrey's representatives.

Millipore entered the Sewer Lagoons on March 3, 1986. Millipore had taken 60,000 gallons of infiltration out of the Jaffrey sewer as part of their price for entry into the sewer.

Jaffrey was required to identify all underground fuel tanks by the state. Fifty-one (51) tanks were identified. The state sent forms to the owners and the identified tanks have been registered or removed.

The Jaffrey District Court moved out of the Town Office Building in August and moved into the Jaffrey Women's Club Building. The Town of Jaffrey and the Town of Peterborough are working with the state to consolidate the Jaffrey and Peterborough courts into one court system between Peterborough and Jaffrey. There appears to be support at the state level.

Robert V. Mitchell was elected Selectmen for a three year term at the 1986 Town Meeting. Bob has been a tremendous asset and takes part in all Selectmen's activities.

After passage of the Town Manager article, the Selectmen contacted the NHMA to advertise the position. The Selectmen appointed a seven person committee to review the applications and recommend 5-7 of the best applicants to the Selectmen. The Selectmen interviewed the recommended applicants. Donald Rich, then Town Administrator of Ashland, NH, was selected and he accepted the job. He became the Town Manager in July, 1986. The budget presented this year at town meeting will be the budget he has prepared and recommended to the Selectmen. We have great expectations for Mr. Rich in 1987.

The Department of Revenue Administration appraisers made a slow start on revaluing the Town of Jaffrey. In July additional appraisers were assigned and toward the latter part of September the state had

## ANNUAL REPORT

---

fourteen (14) appraisers working full time. The revaluation of the Town was completed in November and the 1986 tax bills carried the new valuations and tax rate of \$20.21 per \$1,000.00 valuation.

Jaffrey participated with the Tri-Town Groundwater Protection Project. Meetings were held in Jaffrey, Rindge and Winchendon. Jaffrey has received maps of its aquifers. It is hoped that the Tri-Town Groundwater Project will continue with its efforts in 1987.

The Bandstand was returned, after many years, to the common in front of the town office. This move and restoration was accomplished through the auspice of Richard & Kay Stratton, the Jaffrey Chamber of Commerce and the able leadership of Alice Phipps. See cover of annual report.

The Federal Emergency Management Agency, after two years of our letter writing and work by Representative Richard Grodin, programmed their Flood Insurance study for Jaffrey. It will begin in 1987 and be finished in 1988.

The Route 202 thru pass became a reality when the Governor's Counsel allocated one million dollars for the first phase of the thru pass (downtown improvements and parking). The State will start work in 1987 with aerial mapping. The project (1st phase - downtown area) should be completed in 1990. Hopefully with work by the Selectmen, Representatives and our Senator the (2nd phase - Blake Street to Red Dam) will be funded. Completion of the 2nd phase will complete the rerouting of 202.

Sewer Contract #5 (Old Peterborough Road extension) was bid; but, the single bid was considered too high. The contract was bid again and several more favorable bids were received. The low bid was accepted and construction will begin in April, 1987. Future sewer improvements, Contract #2 (River Street pumping station) and Contract #4 (Cross Street pumping station) is dependent on the Clear Water Act vetoed by President Reagan. This act will be brought up again by congress in 1987. The Selectmen will continue to seek private funds to complete sections of the sewer.

Jaffrey is working with the State to protect our new sewers. Jaffrey is working on a Pretreatment Program with the industries of Jaffrey. The Pretreatment Program will be a reality in 1987.

The Mountain Stream Dam was purchased in October, 1986, using the funds appropriated by the Town in 1986, plus funds donated by a private citizen. The State has been contacted to help us manage this resource. The Fish and Game department will be testing the waters this year to determine which fish are best suited for that pond. Stocking will take place in 1988, after the pond has stabilized. The abutters of the pond have been asked to clear the high stumps and debris prior to closing the dam this spring. Franklin Sterling of Mountain View Road has volunteered to be the leader of this project.

The Boston and Maine Railroad removed their tracks and cross ties in Jaffrey. The Selectmen have been working with the State and the Boston and Maine Railroad to see how the Boston and Maine Railroad land can be acquired by the Town of Jaffrey. It is hoped that if the land can be acquired that the Town of Jaffrey will purchase it. The land south of Main Street could be used as a footpath to reach the Children's Woods; the land north of Main Street could be used as a footpath to the shopping center and further along to Cheshire Pond. There is a lot of work to do on this with many public hearings in 1987 to get the thoughts of the people.

The Town was fortunate this year to have two parcels of land donated to the Town. One parcel was the land in front of the Abbott Building which the Town has used as part of the common. Mr. Steve Krook was the donor. Another parcel was a piece of land abutting the Phillips Cemetery. The land is the same size as the current cemetery and will be used for new cemetery lots. Mr. John Heil was the donor.

Our landfill is still a topic of discussion. About \$120,000.00 will be required this year for new wells, testing, study and the beginnings of covering the completed areas of the landfill. The study should give us a feel for how long our landfill may stay open. Meanwhile, the Selectmen are working with the 53B group in their search for a regional landfill which will be used by towns as their landfills are closed. The Selectmen are studying the feasibility of recycling which will probably become necessary prior to our landfill closing.

The Town of Jaffrey has approximately 275 acres of forest land; 150 acres on Mount Monadnock and 125 acres made up of Children's Woods and Carey Park. The Selectmen are working with the U.S. Department of Agriculture to obtain cost sharing funds to manage this acreage. A forester will be hired to map the lands; determine the best way to manage them and submit

a plan. The Department of Agriculture will pay 1/2 the cost of the mapping and the plan, our share of the cost should be \$750.00. Based on the plan, the land on the mountains will provide some wood harvest and will give the Town a profit. Carey Park and Children's Woods are not expected to yield a profit, consequently some of the profit made on the mountain land will be used to improve those lands (i.e. weeding, thinning, pruning and chipping).

W.W. Cross removed the hazardous waste from its site in 1986.

Atlas Fireworks had an explosion at its facility at Hamilton Court. The State and Federal Government did the investigation to find the cause.

This year we have had building permits for 43 single houses and one for 28 apartments for a total of 71 living units. This is approximately the same number building permits issued for living units as last year.

The Selectmen gave you a balanced budget and a surplus for the third straight year.

We still have unresolved issues and unfinished work in the items described above. 1987 will be a busy year.

The Selectmen wish to thank all Town Employees whose major interest is in a job well done. Our Town Manager has provided the leadership in the varied situations that have arisen. We look forward to his management expertise in 1987.

We also wish to thank all interested citizens who have supported our efforts during 1986. Only with your continued support and understanding can we maintain the Town of Jaffrey as one of which we can be proud.

## ANNUAL REPORT

---

\*\*\*\*\*

1986 WAS A VERY BUSY YEAR IN THE TOWN CLERK'S OFFICE. THE PROGRAM WAS SET UP WITH THE STATE TO BE ABLE TO ISSUE NEW PLATES FOR THE PEOPLE THAT COME IN TO RENEW THEIR REGISTRATIONS DURING THE NEXT FEW YEARS. THIS PROGRAM, AS WELL AS THE MUNICIPAL AGENT PROGRAM IS A VOLUNTARY PROGRAM CHOSEN BY THIS TOWN CLERK TO ASSIST YOU AND MAKE LIFE A LITTLE EASIER FOR THE MOTORING PUBLIC. THERE IS NO INCREASE IN PAY TO THE CLERK FOR THIS SERVICE. THE WORKLOAD HAS INCREASED AND THE TOWN CLERK'S OFFICE HAS THE SAME AMOUNT OF HELP AS IT HAS HAD THROUGH THE YEARS, A ONE PERSON DEPARTMENT! INCOME TO THE TOWN HAS INCREASED BY \$53,368.50 IN REGISTRATIONS ALONE THIS YEAR. THERE WERE 276 MORE VEHICLES REGISTERED THIS YEAR. IN THE LAST THREE YEARS, THE INCOME TO THE TOWN OF JAFFREY FROM MOTOR VEHICLE REGISTRATIONS HAS INCREASED BY \$153,029.00, WITH AN INCREASE OF 776 REGISTRATIONS. THE STATE CONTINUES TO ADD TO THE DUTIES OF THE TOWN CLERK, AND CONSTANT UPDATING AND JOB RELATED CHANGES NEVER SEEM TO END.

A SPECIAL THANKS TO THE TOWN MANAGER, SELECTMEN , THE TOWN OFFICE STAFF, AND MY UNPAID ASSISTANTS, DEPUTY TOWN CLERK LISA SIROIS, AND MY WIFE PATRICIA FOR THEIR HELP DURING THE YEARS. I HOPE THAT MY EFFORTS TO SERVE THE TOWN OF JAFFREY AS TOWN CLERK HAVE BEEN APPRECIATED BY THE TOWNSPEOPLE THAT I AM HERE TO SERVE.

RESPECTFULLY SUBMITTED,

BARRY E SASNER

TOWN CLERK

### TOWN MANAGER'S REPORT

First I would like to take this occasion to thank you for the opportunity of being Jaffrey's first Town Manager.

I started in the manager's capacity on July 21, 1986, and the past six months have been a time of learning and observing. Based on my observations, I have established the following goals and objectives for myself to strive for:

1. Improved Financial Management
2. Risk Management
3. Economic Development
4. Long Range Planning

The objective which I will devote most of my time implementing is Improved Financial Management.

The proposed budget for fiscal year 1987, will be accounted for in a new manner. The results of this new accounting procedure will become evident to you next year. This new procedure will allow for accountability of your tax dollars.

This will be accomplished by the use of new computer hardware and new computer programs.

Risk Management (Insurance) is a program which ties into financial management. The insurance industry has increased the cost of premiums many fold. In 1986, Jaffrey spent approximately \$120,000.00 on insurance. It is projected that in 1987 this cost will increase to \$150,000.00, or approximately 25%. Therefore, the staff will initiate programs which will stabilize or perhaps reduce our premiums.

Economic Development is a key issue in the future of the Town. In order to provide for the existing level of services, we need to add to the Town's total assessed valuation. Without this increase in values, tax rates will spiral. The only alternative, in the future, would be to "cut-back" on the Town's services.

How we grow? Where does growth occur? At what intensity? And when? are key issues which face the Town. Long and short range planning must be accomplished in order for the Town to retain some control over its destiny.

The present plan of the Town was written in the mid-seventies, and many changes have occurred since that time. These changes must be inventoried, analyzed and from the analyses, projections made for the future. We must know where we are going before we can determine "how much is it going to cost."

I look forward to working for you and trying to help you accomplish the "most efficient and economical" delivery of services.

Donald T. Rich  
Town Manager

Board of Selectmen  
Town of Jaffrey  
Jaffrey, New Hampshire

We have examined the general purpose financial statements of the Town of Jaffrey, New Hampshire for the year ended December 31, 1985, and have issued our report thereon dated August 19, 1986. Our examination was made in accordance with generally accepted auditing standards; the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions issued by the U.S. General Accounting Office; the Single Audit Act of 1984; and the provisions of the OMB Circular No. A-128, Audits of State and Local Governments and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The management of the Town of Jaffrey, New Hampshire is responsible for the Town's compliance with laws and regulations. In connection with the examination referred to above, we selected and tested transactions and records from each major federal financial assistance program and certain nonmajor federal financial assistance programs. The purpose of our testing of transactions and records from those federal financial assistance programs was to obtain reasonable assurances that the Town of Jaffrey, New Hampshire had in all material respects, administered major programs, and executed the tested nonmajor program transactions, in compliance with laws and regulations, including those pertaining to financial reports and claims for advances and reimbursements, noncompliance with which we believe could have a material effect on the allowability of program expenditures.

Our testing of transactions and records selected from major federal financial assistance programs disclosed no instances of noncompliance with those laws and regulations.

## REPORT OF THE JAFFREY PUBLIC LIBRARY TRUSTEES

At the March, 1986 Town Meeting the Trustees had an article in the warrant: To raise and appropriate the sum of \$7,500.00 to be used by the Trustees of the Jaffrey Public Library to determine the best way to meet current and growing needs of the library. The article was unanimously approved.

Since then, many interesting events have taken place. Nolan Lushington, a well known small library building consultant from Greenwich, Connecticut was hired. A meeting was held with Assistant Superintendent Larry Bramblett of the Jaffrey-Rindge School District and Douglas H. Brown, consultant for Construction and Finance from the State Board of Education, to discuss the Jaffrey Grade School's needs as well as those of the library. Negotiations are currently underway to strengthen the ties between the library and the school. Even though the weather was at sixes and sevens in April, Sony and Vorce did manage to complete a site survey. In May, the Friends and volunteers did a telephone survey which was tabulated by Mildred Tamminen. Bissell Alderman's architectural expertise proved invaluable to the Board when John Jordon, from Hancock, New Hampshire was hired as the architect for the library addition. An open Citizens' Meeting was held in September to hear the results of the telephone survey of library users and non-users so that opinions and suggestions could be shared. Delicious refreshments were provided by the Friends.

Harriet H. Andrews presented a proposal, which was approved by the Board, for a collection of Warfield birds for the library. Space will be provided in the new addition to exhibit them. In 1966, Robert and Virginia Warfield started to carve birds in Jaffrey. In appreciation of their art and skill, the Warfield Bird Fund is set up with the intention of purchasing Warfield birds. This will commence with four birds; the robin, chickadee, bluebird and Downy woodpecker. They will be displayed in the children's area for the time being. Contributions are to be tax deductible gifts.

Many memorial gifts were acquired by the library this year. The library has been chosen to receive a sixty volume set of "The Library of America" under the terms of the Andrew W. Mellon Foundation matching grant program. The Friends agreed to pay \$500.00 for our share of the cost. A check sent from the Lions' Club was used for large print materials; the New York Times Weekly, Reader's Digest and books. Henry and Patricia Nielsen donated a beautiful library table that was made by Elmer Eaves, uncle of librarian Cynthia E. Hamilton. Mary Kidd presented a record storage case that holds 500 records, in memory of her husband, Coburn, to the library. A photograph of the Jaffrey Public Library dated 1896 has been given to the library by Marion Jowder Eagley of Peterborough. Erna Vogeler of New Ipswich presented the library with a check for \$2,000.00 for the latest trade books in fiction and mystery in the Agatha Christie tradition. The friends raised \$800.00 for a roof over the handicap access, and puppets and a newspaper rack. A bequest of \$45,500.00 came from the Ralph E. Boynton estate to be used toward the library addition. The Friends purchased another small piece of land from Virginia C. Quinlan for the expansion of the library.

## ANNUAL REPORT

---

Our children's department is overflowing. Four thousand two hundred and twenty-eight books were read by 349 children who participated in the summer reading program, "Pig Out on Books." Jeanne Burr, the children's librarian, presented certificates at the awards ceremony to those who read six books or more. Refreshments were arranged by Debbie Young with the Friends supplying punch and cookies. The Little Red Wagon made its annual summer appearance. The library's float won third place in its class in the Jaffrey Jubilee Parade. Ann Winsor and Eleanor McQueen arranged floral pieces that adorned the library for its open house on Jubilee weekend. Many groups enjoyed viewing the Amos Fortune exhibit. In September, a lift for the handicapped was put in and it is being used. Marie Ouellette and the Friends furnished the library with lovely center pieces and decorations for the Christmas season.

Trustees, Staff and Friends represented the library at state, regional and local meetings. Staff member Lisa Bearce has taken two Public Library Technique courses this year.

To the indispensable Friends of the Library, donors, volunteers and everyone who has shown interest, given support and time, we say THANK YOU.

### REPORT OF THE BOARD OF ADJUSTMENT

Applications to the Jaffrey Board of Adjustment for appeal are normally scheduled for public hearing on the first Tuesday of each month at 7:30 PM. A member of the Board will meet with any applicant requiring assistance the Tuesday evening two weeks prior to the first Tuesday of the following month in the Town Office beginning at 5:30 PM to render any assistance in completing your application.

This past year 60 applications were submitted to the Board of Adjustment for review. Of the applications submitted 44 were granted, 11 were denied, 1 case was referred to another town body for a decision as it was inappropriate for it to be before the Board, 1 case was postponed at the applicants request and 3 cases were withdrawn by the applicants.

We are pleased to report that income from applications exceeded clerical and administrative expenditures for the year and the Board of Adjustment was a user-funded service to the community.

Respectfully submitted,  
  
Franklin W. Sterling Jr.

### 1986 REPORT OF THE JAFFREY CONSERVATION COMMISSION

This year saw the addition of several new members (Ben Haubrich, William Smith, Llyod Robinson, and Steve Given) Who replaced (Gilbert Emery, Anne Nochella, Bruce Feltus and Robert Mitchell).

The majority of the Commissions work, as in the past, involved... reviewing and making recommendations, to the Jaffrey Board of Adjustment concerning variances and exceptions to existing Jaffrey Wetland Regulations and also observing, evaluating and making recommendations to the State Wetland Board concerning Dredge and Fill applications in the Town of Jaffrey.

The Conservation Commission was again pleased to be able to send two Jaffrey students (David Humphrey and Mike Lambert) to Conservation Camp (organized by The Society For The Protection of New Hampshire Forests); thanks to the continued financial support from D.D.Bean and The Monadnock Bank. Also this year The Jaffrey Women's Club assisted this program with both financial and student notification assistance.

The Commission continued taking part in the Tri Town Ground water protection program and is still in the process of working on evaluating and writing Aquifer protection regulations based on the map produced by David Jacke and the Groundwater Protection Program. This would also fit in with the with the State and Federal Aquifer Mapping which will be taking place in the next few years.

The Jaffrey Conservation Commission meets at the Town Office Building at 7:00 p.m. on the last Tuesday of every month. We appreciate the continued understanding and cooperation shown to us by many people in the community.

### JAFFREY MUNICIPAL AIRPORT - AIRPORT MANAGER'S REPORT 1986

Dear Citizens of Jaffrey - During the year the Jaffrey Municipal Airport has provided vital transportation and emergency services to area residents, institutions, and businesses. As we have pointed out in the past, our airport is truly an important "gateway" to Jaffrey and to the Monadnock Region . . . a kind of street used for the most vital and urgent needs of our people and for the leaders of the businesses and industries which mean jobs to most everybody.

In 1986 a new mobile radio communications link was established for the purpose of direct contact, from the air, with police, fire, and rescue units during any emergency or assistance situation. The new radio link will enable assistance to be rendered quickly and directly in times of need.

The Jaffrey Chamber of Commerce's Airport Committee, which was fairly quiet for most of the year, became active near year's end. We expect them to meet periodically in 1987 and to be looking for the support of people who recognize the airport's importance in the community. Possible activities will be to help create visibility and awareness of the airport's role; to assist in short term and long term planning; to help identify and correct safety problems; to advise and assist in any way possible to maximize the usefulness and compatibility of the airport in the community. Anyone interested in helping, please contact someone from the Chamber of Commerce Executive Committee, one of the Selectmen, or anyone at the airport.

Private citizens have continued to help with financial donations and with physical assistance for the maintenance and improvement of airport facilities. A lighted airport beacon is nearly a reality due to the generosity and help of several people.

The runway lighting was substantially renovated and improved with many new fixtures replacing units in service for over 25 years! Runway end strobes were installed to help visually locate the runway during darkness and reduced visibility. Additional obstruction removal and brush clearing was done. Items still needed at the airport include a steel roller, a brush-hone drag, and storage for dry unsalted sand. It is time to begin thinking of a replacement or supplement for the airport plow-truck, which is now 20 years old.

We continue to seek re-establishment of the JMA in the National Airport System Plan. This we hope to achieve when the State Airport Plan is updated in 1987.

In the fall of 1986, the staff of the New Hampshire DOT, Division of Aeronautics, helped to organize the airport managers of New Hampshire with the aim of sharing experience, problems, and solutions, relative to the successful operation of their airports. Your airport manager is happy to report that the organization has already been effective in bringing the individual airports together to work on common problems. One major concern of the group is to help assure the very survival of community airports, which often come under political, financial and other outside pressures.

I look forward to the day when the Jaffrey Municipal Airport will be a park-like center for community functions as well as the business and recreational "gateway" to Jaffrey and the Monadnock Region. We continue to seek the suggestions and help of anyone interest in bettering services and/or safety at the Jaffrey Municipal Airport.

Sincerely yours,

*Harvey M. Sawyer* Airport Manager, Jaffrey

## REPORT OF THE JAFFREY HISTORIC DISTRICT COMMISSION

During 1986 the Jaffrey Historic District Commission held eleven regular meetings and numerous work sessions. Three applications were received and heard, two requesting use changes and one for a commercial sign. Two were approved and one was denied.

The Commission expended \$99.56 of its \$100 annual appropriation. Application fees totalling \$15 were turned over to the Town leaving a net expenditure of \$84.56.

Through much of 1986 the Commission discussed and developed revisions to its procedural rules that would bring them in line with recent changes in state enabling legislation. The new rules are expected to be approved early in 1987.

During the year Commission members attended several meetings or workshops of, among others, the New Hampshire Association of Historic District Commissions, The Preservation Institute for the Building Crafts, the Cooperative Extension Service (UNH), NH Old Graveyard Association and several out-of-state preservation and planning conferences. All costs associated with these events were borne by those attending.

The Commission's most important and time-consuming activity during 1986 was its participation in the Certified Local Government program of the State's Division of Historical Resources. Matching grants totalling \$11,250 were requested and received which allowed the Commission to undertake an extensive survey of the architectural, historical and cultural resources of the town. Nearly 500 separate structures or sites were researched, photographed, described and documented. A consultant was retained to oversee this project and members of the Commission and many volunteers from throughout the community devoted long hours to the necessary work of typing, mapping, sorting, stapling, checking, walking and driving. A major segment of the project has been the establishment of a base of information that will be used in the updating of the Town's Comprehensive Plan. During 1987 the Commission expects to work closely with other Town bodies and with interested citizens in contributing to the planning process in Jaffrey.

During 1986 the Commission's membership changed through resignation or retirement: Cal Saulnier, Jim Balentine, Jane Cunningham and Bob Chamberlain left and the Commission extends its thanks and appreciation to them for their loyal service. Joining the Commission during the year were Debbie Babson, Chris Bean, Martha Brummer, Ed Deschenes and Bob Potter.

All residents are reminded that the Commission's regular monthly meeting is on the first Thursday of each month at 7:30 P.M. in the Meeting Room, Town Office Building. Questions about the Commission and its procedures may be directed to and application forms obtained from the Chairman or the Secretary.

Respectfully submitted,

Robert B. Stephenson, Secretary

For the Commission:

Christopher V. Bean, Chairman	(term expires 1989)
Nora Bryant, Vice Chairman	(term expires 1988)
Robert B. Stephenson, Secretary	(term expires 1987)
Deborah E. Babson	(term expires 1989)

Robert W. Potter	(Planning Board member)

REPORT OF THE JAFFREY PLANNING BOARD

Activities for 1986 included the following:

- Approved 15 minor (3 or less lots) subdivisions, totaling 18 new building lots.
- Approved 1 major subdivision totaling 11 new building lots.
- Approved 1 mobile home subdivision totaling 33 new mobile home lots. - Approved 9 technical subdivisions, no new building lots created.
- Approved 23 site plans, mostly commercial and 1 apartment complex consisting of 28 apartments.
- Recommended disapproval of 1 rezoning petition.
- A petition with over 600 signatures was received requesting an Interim Growth Management Ordinance under RSA 674:23. Public hearings were held on May 26th and June 10th, and a special town meeting was scheduled for July 10th and the ordinance was passed by a 4 to 1 margin.

In the remainder of 1986 the Planning Board worked on Jaffrey's Capital Improvements Program (CIP). A subcommittee of Planning Board and Budget Committee members prepared the raw data for the next step: development of a CIP document by the Southwest Region Planning Commission. The CIP will be presented to the Board in February.

Jaffrey has received a commitment from the Federal Emergency Management Agency (FEMA) for the development of definitive flood plain maps with a completion date early in 1988. We will, however, have sufficient data this year for inclusion in the master plan update. The Planning Board believes that the nature of the land should be a major factor in determining how the Town will develop in future years. We are arranging with the Southwest Region Planning Commission for a master plan update based on a Natural Resources Inventory, both narrative and a series of maps which will delineate how future development may be accommodated while at the same time our precious environment can be protected and preserved. Mapping of Jaffrey's aquifers and the subsequent development of an ordinance designed to protect our present and potential sources of water should result from the master plan update. The Planning Board is placing an article in the warrant for town meeting in the amount of approximately \$16,000 for a contract with the Regional Planning Commission for those costs of a master plan update which are not covered by our dues...

### REPORT OF THE JAFFREY PLANNING BOARD (CONT.)

We expect and intend that the update will be completed during 1987. For this reason, the Planning Board recommends to the voters of Jaffrey approval of a Growth Management Ordinance, RSA 674:22, which will restrict any subdivisions or site plans involving four or more dwelling units. If approved by the voters, this ordinance will take effect at town meeting this year and automatically expire at town meeting next year.

The purposes of the CIP and the master plan update are to provide an updated factual and scientific bases to guide future development so that growth can occur without unduly harming or endangering our environment and our natural resources; so that the needs for housing, commerce and industry can be met in an orderly manner necessary to both the best quality of life and a stable tax rate.

At the March meeting the following were elected:

William C. Arthur, Chairman

Robert W. Potter, Vice Chairman

Richard A. Grodin, Secretary, resigned at Dec. mtg.

Stella A. Pillsbury, elected Secretary at the Dec. mtg.

In April, Barbara Tremblay was appointed as an Alternate Member of the Planning Board but had to resign almost immediately when she moved to Peterborough. In March, Lloyd Robinson was appointed as an Alternate Member.

This has been a very busy year for the Planning Board and 1987 promises to be even busier. The members of the Board will be making every effort to serve well all of the citizens of Jaffrey. I take this opportunity to thank all members of the Board for their dedication and the conscientious effort they displayed throughout 1986.

Respectfully submitted,

William C. Arthur  
Chairman

### REPORT OF THE JAFFREY RECREATION DEPARTMENT

During 1986, the Recreation Department, its programs, activities and operations continued to run smoothly. Our emphasis on youth programming increased and has been very successful. Some of the major accomplishments for the past year are as follows:

1. In working with the Jaffrey Friends of Recreation, we have seen close to \$3400 in donations in the way of equipment, services, and program sponsorship for 1986. This non-profit, recreational service organization assists the Recreation Dept. with programs while conducting rollerskating and participating in many other town activities. They have assisted community recreation in Youth Soccer, Youth Basketball, school vacation activities, Track and Field Club, Christmas events, Halloween activities, various trips and recreational equipment. Please offer your assistance and become an active member of the Friends of Recreation, in order to keep the community recreational activities alive, and their costs down!
2. The Recreation Dept.'s John Morgan Road Race became a certified, 5 mile course by the TAC/RRCA, and will become a permanent special event for the Town of Jaffrey.
3. The return of the 1986 Jaffrey Jubilee "Liberty Lives On" was an important event for the Town, and we assisted the Jubilee Committee as much as time allowed for its success. The Department was responsible for operations, as well as its own children's activities and the road race.
4. The Jaffrey Bandstand also made its return, and had's off to the Chamber of Commerce for that project. The Recreation Dept. sponsored 3 successful concerts, with the generous support of the Monadnock Bank.
5. As you will see with the Holiday and Special Event attendance figures, attendance increased about 20% total over 1985. The Jaffrey Christmas Fair was our best yet, and the Halloween activities were very successful, despite frigid weather. A special thanks goes to the organizations and individuals who made them possible.
6. The Recreation Committee submitted its 5 year Capital Improvement Plan which includes proposed recreational facilities that the town may need, with the current increase of population and the demand for use and services.
7. The Department and the Jaffrey-Rindge School District has continued to work together regarding athletic facility use and extended use of school facilities by community groups and recreational activities.
8. The public beach at Shattuck Park, Thorndike Pond, ran successfully overall and the Committee will continue its development plans for the coming year.

The Recreation Committee and Staff would like to give special recognition to the following for their unselfish and dedicated support of community recreational activities this past year to the Town of Jaffrey: Jaffrey Friends of Recreation, Lion's Club, Jaffrey VFW and Auxiliary, Jaffrey Chamber of Commerce, John Humiston Post 11 American Legion and

Auxiliary, Jaffrey Grange, Jaffrey Women's Club, Jaffrey Community League, Jaffrey-Rindge Senior Citizens, Sunshine Twirlers, Boy Scouts, Girl Scouts, 4-H, the Town departments including Library, Police, Fire, Public Works, Town office personnel, the Jaffrey-Rindge School District personnel, and the several local businesses, industries, merchants and individuals within the community.

Our programming for 1986 focused on a well-rounded offering of recreational and educational activities for the community. We constantly attempt to evaluate our programs to improve the quality of our offerings. To best provide recreational programming and services to Jaffrey residents however, we do seek your input and suggestions on what activities you would like to participate in, and we will do our best to meet your desires.

## ANNUAL REPORT

VOLUNTEERS . . . without these dedicated, concerned individuals, the recreation activities and special community events would be non-existent. Think for a moment, of last year's Jubilee. These, as well as all volunteers, deserve special recognition and a sincere thank you. Over 380 individuals donated over 3500 man-hours of time to community recreation by the way of steering committee work, coaching, youth sports league operation, transportation, supervising, or whatever. If the town paid them minimum wage only, we would have a \$12,000.00 bill to pay! Please give them your thanks and please help us out - BECOME A VOLUNTEER TOO!!

The Recreation Committee and Staff are pleased with what we have accomplished, but we have much more to do. We have set our goals for 1987, within the limits of time, money, and personnel. Among these goals are:

1. Create a stronger volunteer corp to assist groups and special event committees, as the Jaffrey Jubilee Committee, Friends of Recreation, and so forth. Also create an advisory council to assist in the development of activities and concerts for our Town's new bandstand.
2. Continue our commitment of maintenance improvements, upgrading, and development of the Town's recreational facilities.
3. Develop and continue to implement the risk management policy for the Recreation Dept., improve staff training and development to provide quality programming, and further improve marketing techniques for all community recreational activities.
4. Foster communications with other programs and community groups and offer support services if necessary. Survey the recreational needs and interests of the community to direct proper programming for all age groups.

With your support, input, and volunteerism, we will attempt to accomplish these ambitious goals to the best of our abilities.
